

# SPIE

Connecting minds. Advancing light.

## **Dr. Takayuki Tamaki**

was awarded a poster prize as a finalist in the competition “Best Student Poster” at the LASE Conference “Commercial and Biomedical Applications of Ultrafast Lasers VII” at the Photonics West 2007, held by the International Society for Optical Engineering. The title of the poster was:

*“Laser microwelding of silicon and borosilicate glass using nonlinear absorption effect induced by 1558-nm femtosecond fiber laser pulses”*
